

Dear Parents,

As we look ahead to this new adventure of online learning, we are excited to keep your student engaged in their academic studies. Our 5<sup>th</sup> grade team has worked together to provide your child with an academic calendar. We have listed some important information below.

- Your student may use their school laptop at home during this online learning period. Please go to your myDSD account to check out their device. Laptops can be picked up on Wednesday. We can only check out laptops to the student's guardian.
- We will be sending this week's academic calendar later today.
- We will be sending out next week's academic calendar through email on Monday by 9am. Please watch for this email.
- The academic calendar lists the assignments your student will be responsible for completing daily. We will be checking and grading online assignments daily.
- Your child's teacher will be sending out a class specific email later today. Please watch for this email.

We understand that there may be additional questions or concerns. We want your child to feel and be successful during this online learning adventure. Our goal is to get back to you as soon as possible with any questions you may have. Feel free to call or email between 8:30-3:30 pm. Thank you so much for your patience and understanding as we all navigate this unique time.

Sincerely,

5<sup>th</sup> Grade Teachers
